Shanghai Fullhan Microelectronics Co., Ltd.

FH8830: 2M/3M High Performance Camera SoC

FH8830 is a low-power consumption, high performance H.264 encode SOC for 2M/3M wire or wireless camera application. It has high performance ISP function, and high performance encoding quality.FH8830 has a DDR embedded and provides multi external communication interfaces, include audio, SD card and Ethernet etc. It is a valuable choice for your 2M/3M IPC solution.

Features:

FH8830
